Dear Readers,

Welcome to our 2025 Prestige Properties Magazine!

As we step into a new season at Prestige Properties, I want to express my heartfelt appreciation to each of you—our clients, partners, and community—for your continued trust and support. It is an honour to lead a company rooted in a passion for Ibiza's beauty, its unique culture, and its thriving property market.

Reflecting on 2024, we are filled with gratitude. It was a year of innovation, growth, and reflection, during which we celebrated new achievements across all divisions—record-breaking sales, consistent growth in rentals, and curated experiences through our expanding Concierge services. Thanks to your trust and our dedicated team, Prestige continues to evolve as a leading force in Ibiza's luxury property market.

In 2024 Ibiza's luxury real estate market has once again proven its resilience and an ability to adapt, reinforcing its reputation as one of the world's most sought-after investment destinations. In line with our predictions in last year's market forecast, 2024 marked a slight transition towards a buyer's market—while prices remained high, the supply of available properties increased, and demand showed signs of stabilising. You will find more market insights in our Annual Market Report, parts of which are featured in the following pages.

Our vision for the future remains anchored in innovation and care for the island we love. This season, we'll deepen our commitment to local partnerships, from supporting IbizaPreservation to participating in community-led initiatives such as youth sports programmes and environmental clean-ups. Sustainability and community are not just buzzwords for us—they are integral to who we are and what we do.

We are also placing a renewed focus on our internal culture. Expanding our team and ensuring a sustainable workload for our employees are central to our 2025 goals. A happy and supported team is essential to delivering the exceptional experiences you expect from Prestige.

Thank you for trusting us with your dreams, investments, and life milestones. We look forward to continuing this journey together, making 2025 a year of new opportunities and shared success.

Warmly,

Victor Van den Driessche

También estamos renovando nuestro enfoque en la cultura interna. Ampliar nuestro equipo y garantizar una carga de trabajo sostenible para nuestros empleados son aspectos clave de nuestros objetivos para 2025. Un equipo feliz y bien apoyado es esencial para ofrecer las experiencias excepcionales que esperáis de Prestige.

IBIZA PROPERTY MARKET REPORT & 2025 FORECAST

This 2024 property market report and predicted forecast for 2025 has been provided by Prestige Properties Ibiza. It summarises key trends and patterns in the current Ibiza housing market, with statistics and sales data from both internal and external sources.

Ibiza's Luxury Real Estate Market 2024: A Year of Resilience and Change

In 2024, Ibiza's luxury real estate market once again demonstrated its strength and adaptability, cementing its status as a top global investment destination. As predicted, the market saw a slight transition toward a buyer's market, with increasing property supply and stabilising demand. However, Prestige Properties Ibiza recorded a surprise increase in sales volume, proving the island's continued appeal to high-net-worth investors, international buyers, and families seeking a unique blend of security, exclusivity, and high-value assets.

Balearic Islands' Housing Market 2024

The Balearic Islands have historically shown resilience during market downturns, and 2024 was no exception. Ibiza, in particular, benefited from market stability, shifting buyer preferences, and strong demand.

Sales figures across the region stabilised, following a decline in 2023 after the post-COVID peak of 2022. The market has now returned to pre-pandemic levels, reinforcing Ibiza's position as a prime real estate investment hub.

Who Buys Property in Ibiza?

Ibiza remains a secure long-term investment opportunity due to its limited but highly desirable property supply. In 2024, over half of Prestige Properties Ibiza's clients purchased homes as secondary residences. A notable trend was the rise in first-home buyers—families settling permanently on the island to embrace its natural beauty and relaxed lifestyle.

Investment-driven buyers also maintained a strong presence, representing over 20% of all purchases. This highlights Ibiza's appeal not just as a lifestyle choice but as a lucrative asset for capital growth and rental income.

Ibiza's Property Market & 2024 Performance

The durability and flexibility of Ibiza's real estate market continue to attract luxury buyers from Europe and beyond. Strict urban planning regulations and limited land availability prevent excessive development, preserving property values and ensuring long-term market sustainability.

High-end properties remain in demand, drawn by Ibiza's pristine environment, exclusive amenities, and vibrant cultural offerings. This balance between luxury appeal and controlled growth maintains Ibiza's desirability among investors and homeowners.

In Transition: Moving Toward a Buyer's Market?

While Ibiza remains a stronghold for luxury investments, 2025 signals a shift toward a more balanced market.

Key indicators of change:

- Buyer leads declined slightly: 2,300 in 2024 (vs. 2,800 in 2023)
- Increased property listings, providing more choices for buyers

Time will help us see if this shift is permanent or a momentary fluctuation.

Implications for Buyers & Sellers

For sellers:

- Prices remain high, making it an opportune time to sell
- Prime properties still attract buyers quickly, especially those in excellent condition

For buyers:

- Greater property supply offers more negotiation power and flexibility
- More investment opportunities as availability increases

As the market transitions, both buyers and sellers must stay adaptable to maximise their opportunities.

Looking Ahead: What to Expect in 2025?

Ibiza's real estate sector remains one of Europe's most sought-after, appealing to those in search of luxury properties, investment opportunities, and an exceptional lifestyle. The evolving market presents both challenges and possibilities for all stakeholders.

Trends shaping 2025:

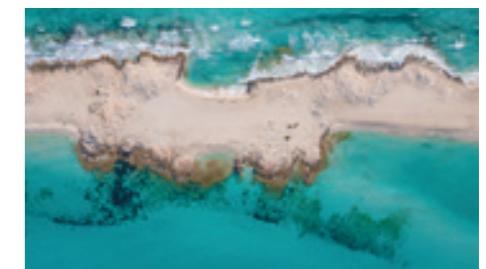

- Economic & geopolitical influences: Interest rate shifts and global market conditions may impact investment decisions
- Stock availability: More listings could lead to price softening
- Ibiza's growing international appeal: Stability, natural beauty, and expanding infrastructure attract long-term investors

Despite uncertainties, Ibiza's property market has consistently rebounded from economic shifts, making it a reliable investment choice.

A Thriving Market with Enduring Opportunities

As we enter 2025, Ibiza remains an island of opportunities for investors, homeowners, and sellers alike. Prestige Properties Ibiza continues to offer expert guidance, helping clients navigate the evolving market to make informed decisions that align with their financial and lifestyle goals.

With the right strategy and insights, Ibiza's real estate sector remains as attractive as ever, ensuring that those who invest today reap rewards in the years to come.

PRESTIGE PROPERTIES OUR STORY

For over 40 years it has been our mission to help you find your dream property here, on the beautiful white island of Ibiza, and we feel immensely fortunate to be able to bring our mission to life year after year. Traveling across the island, discovering its hidden gems and pearls and the spectacular real estate Ibiza has to offer is a constant adventure.

Over the years we have had the pleasure of working with a multitude of clients from across the globe: from high-profile individuals and celebrities looking for their summer houses to young families beginning a new life based on the island. Having worked for over four decades in this industry, we are still amazed at how many new and exciting places there are yet to be discovered on this magical Island; we would love to take you on this journey with us!

The founder of Prestige Properties, the late Pascale Dufournier, a Paris native, first travelled to Ibiza in 1976 and even before her arrival, she knew this was the island she would call her home for the rest of her life. The seed for Prestige Properties was planted when a good friend of the Dufournier family sent a drawing of a beautiful blooming almond tree next to a typical Ibiza Finca farmhouse to the then 12-year-old Pascale; she was mesmerising by its beauty, and it was at that moment, that her dream of living on the bohemian artist's island in the Mediterranean was born.

Her passion for design, elegance and the island that she loved, led to the creation of Prestige Properties in 1983. Over the years Prestige Properties managed to establish itself as a valuable member of the island community and has become one of the oldest and most reliable real estate agents in Ibiza. Over the years we have built strong relationships and friendships with our local partners.

Fast forward to the present, Prestige Properties and the team have grown into Ibiza's leading real estate agency. Since 2022, the year in which Pascale passed away, Victor van Den Driessche is heading up the company.

Born and raised on the island, Victor, who knew Pascale since childhood, started at Prestige Properties as a sales agent at the age of 25 where he quickly climbed the ladder and became a partner in 2014.

"Prestige has been here for a long time and we hope to stay for even longer. This is the foundation of our core values and vision for the future."

- Victor, Managing Director & Partner.

The team within the agency is a perfect blend of different nationalities, some born on the island and others drawn to Ibiza by the magnetic attraction she has on many of us.

Durante los últimos 40 años nuestra misión ha sido ayudarte a encontrar la propiedad de tus sueños en la hermosa isla blanca de Ibiza. Es un privilegio residir en un lugar tan especial como éste, y nos sentimos inmensamente afortunados de poder dar vida a nuestra misión año tras año. Viajar por la isla, descubrir las perlas escondidas y los espectaculares inmuebles es una aventura constante.

A lo largo de los años hemos tenido el placer de trabajar con una multitud de clientes de todo el mundo: desde personas de alto perfil y celebridades en busca de su casa de verano hasta familias que comienzan una nueva vida en la isla. Después de más de cuatro décadas en el sector, todavía nos sorprende la cantidad de lugares que quedan por descubrir en esta mágica isla; nos encantaría llevarte en este viaje con nosotros!

La fundadora de Prestige Properties, la finada Pascale Dufournier, de origen parisino, viajó por primera vez a Ibiza en 1976 e, incluso antes de su llegada, supo que ésta era la isla que llamaría su hogar para el resto de su vida. La semilla de Prestige Properties se plantó cuando un buen amigo de la familia Dufournier envió un dibujo de un hermoso almendro en flor junto a una finca típica de Ibiza a la entonces niña de 12 años, Pascale, quien quedó asombrada por su belleza. Fue en ese momento, cuando nació su sueño de vivir en la bohemia isla del Mediterráneo.

Su pasión por el diseño, la elegancia y la isla que amaba, la llevó a la creación de Prestige Properties en 1983. A lo largo de los años Prestige Properties consiguió establecerse como un valioso miembro de la comunidad de la isla y se ha convertido en una de las agencias inmobiliarias más antiguas y fiables de Ibiza. A lo largo de los años hemos construido fuertes relaciones y amistades con nuestros socios locales.

En la actualidad, Prestige Properties y su equipo se han convertido en la agencia inmobiliaria líder de Ibiza. Desde 2022, año en que falleció Pascale, Victor van Den Driesche dirige la empresa.

Nacido y criado en la isla, Víctor, que conocía a Pascale desde su infancia, empezó en Prestige Properties como agente de ventas a los 25 años, donde ascendió rápidamente y se convirtió en socio en 2014.

"Prestige lleva aquí mucho tiempo y esperamos que duros mucho más. Esta es la base de nuestros valores fundamentales y nuestra visión de futuro."

- Victor, Director General y Socio

El equipo de la agencia es una mezcla perfecta de diferentes nacionalidades, algunos nacidos en la isla y otros atraídos a Ibiza por el magnetismo que tiene sobre muchos de nosotros.

En pocas palabras:

- Fundado en 1983
- Agencia inmobiliaria líder en Ibiza

INTERVIEW WITH A LAWYER: IBIZA'S URBAN PLANNING AMNESTY

For this new edition of "Prestige in Interview with Industry Experts", we had the pleasure of speaking with lawyer Nadine Schröder. On this occasion, we asked her to explain in detail what the "Urban Planning Amnesty" in Ibiza entails.

But before delving into the topic, let's take a brief look at the context: The legal framework for the urban planning amnesty in Ibiza is set out in Decree-Law 3/2024, of 24 May, on urgent measures for the simplification and rationalisation of public administrations in the Balearic Islands. This was later reviewed and partially amended by Law 7/2024, of 11 December.

In this interview, we analyse what this amnesty involves, how it may impact the real estate market, and what key aspects prospective buyers or those looking to legalise a property in Ibiza should consider. This measure presents an opportunity for property owners, buyers, and investors alike.

Q. What does the urban planning amnesty in Ibiza involve?

It is an extraordinary legalisation process that allows illegal constructions in Ibiza—where the urban planning offence has expired—to gain legal recognition. This facilitates property registration, mortgage approval, and the ability to renovate or sell these properties without legal risks.

Q. What are the benefits for buyers?

In general terms, we can highlight four key benefits:

1. Access to properties at lower prices

Many properties with urban planning irregularities have been sold at reduced prices due to their uncertain legal status. The opportunity to regularise them may attract buyers willing to go through the legalisation process to obtain a property with greater future value.

2. Greater legal security

Properties that qualify for the amnesty will be legally registered, eliminating the risk of fines or demolition. This makes them more attractive to both private buyers and investors.

3. Financing opportunities

Banks are often reluctant to grant mortgages on properties with urban planning irregularities. Legalising these properties will allow owners to access financing and improve their liquidity.

4. Potential for value appreciation

Once legalised, properties may increase in market value as they will be considered fully legal with all associated urban planning rights.

5. Option to renovate and improve the property

Owners who legalise their property will be able to carry out improvements and extensions without the risk of fines, enhancing both the liveability and market value of their homes.

Q. What key aspects should be considered before buying or legalising a property?

While the amnesty presents clear advantages, it is crucial to understand its legal and financial implications. Key considerations include:

Application period: The urban planning amnesty is limited to a three-year period, during which illegal constructions with expired infractions can be regularised.

Legalisation costs: During the first year, the regularisation process will cost 10% of the construction execution budget. This percentage will increase to 12.5% in the second year and 15% in the third year. Additional costs will include those of the hired technical professionals and legal advisors guiding the process.

Duration of the legalisation process: As this is an administrative procedure to be resolved by public authorities, delays in processing applications should be expected.

Conclusion:

The urban planning amnesty in Ibiza presents new opportunities for buyers and investors looking for properties with potential for appreciation. However, it is essential to proceed with caution and seek legal advice to assess the costs, risks, and timelines involved in the process.

ENTREVISTA CON UNA ABOGADA: LA AMNISTÍA URBANÍSTICA EN IBIZA

Para esta nueva edición de "Prestige en Entrevista con Expertos del Sector", hemos tenido el placer de conversar con la abogada Nadine Schröder. En esta ocasión, le hemos pedido que nos explique en detalle qué implica la "Amnistía Urbanística" en Ibiza.

Pero antes de entrar en materia, hagamos un breve repaso del contexto: El marco legal de la amnistía urbanística en Ibiza, se recoge en el Decreto Ley 3/2024, de 24 de mayo, de medidas urgentes de simplificación y racionalización de las administraciones públicas de las Islas Baleares, la cual fue revisada y parcialmente modificada mediante la Ley 7/2024, de 11 de diciembre.

En esta entrevista analizamos qué implica esta amnistía, cómo puede afectar al mercado inmobiliario y qué aspectos deben tener en cuenta quienes estén interesados en adquirir o legalizar una propiedad en Ibiza. Esta medida supone una oportunidad para propietarios, compradores e inversores.

Q. ¿En qué consiste la amnistía urbanística en Ibiza?

Es un proceso de legalización extraordinaria que permite que las construcciones ilegales en Ibiza, cuya infracción urbanística ha prescrito, obtengan reconocimiento legal. Esto facilita la inscripción en el Registro de la Propiedad, la concesión de hipotecas y la posibilidad de reformar o vender estos inmuebles sin riesgos legales.

Q. ¿Cuáles son los beneficios para compradores?

En términos generales, podemos destacar cuatro beneficios principales:

1. Acceso a propiedades a precios más bajos

Muchas viviendas con irregularidades urbanísticas se han vendido a precios reducidos debido a su situación legal incierta. La posibilidad de regularizarlas puede atraer compradores dispuestos a asumir el proceso de legalización para obtener una propiedad con un valor futuro más alto.

2. Mayor seguridad jurídica

Los inmuebles que logren acogerse a la amnistía podrán inscribirse legalmente, eliminando el riesgo de sanciones o demoliciones. Esto los hace más atractivos tanto para compradores particulares como para inversores.

3. Posibilidad de financiación

Los bancos suelen ser reticentes a conceder hipotecas sobre viviendas

con irregularidades urbanísticas. La legalización de estos inmuebles permitirá a sus propietarios acceder a financiación y mejorar su liquidez.

4. Potencial de revalorización

Una vez regularizados los inmuebles podrán aumentar su valor en el mercado, ya que, pasarán a ser considerados propiedades legales con todos sus derechos urbanísticos.

5. Opción de reformar y mejorar la propiedad

Los propietarios que legalicen su vivienda podrán realizar mejoras y ampliaciones sin riesgo de sanciones, lo que incrementará su habitabilidad y valor de mercado.

Q. ¿Cuáles son los aspectos clave a considerar antes de comprar o legalizar un inmueble?

Si bien la amnistía presenta ventajas, es fundamental conocer sus implicaciones económicas y jurídicas. Algunos puntos clave:

Plazo de aplicación: La amnistía urbanística está limitada a un plazo de 3 años para regularizar obras ilegales cuyas irregularidades hayan prescrito.

Coste del proceso de legalización: Durante el primer año de aplicación, la regularización tendrá un coste del 10% del presupuesto de ejecución de la edificación. Este porcentaje aumentará al 12.5% en el segundo año y al 15% en el tercero. A ello habrá que añadir los costes del técnico contratado y los costes de un equipo legal que encamine el proceso adecuadamente.

Duración del proceso de legalización: Es necesario tomar en consideración que, al tratarse de un procedimiento administrativo, a resolver por las correspondientes administraciones públicas, ello puede suponer una demora en el procedimiento.

En conclusión:

La amnistía urbanística en Ibiza ofrece nuevas oportunidades para compradores e inversores interesados en propiedades con potencial de revalorización. Sin embargo, es clave actuar con cautela y contar con asesoramiento legal para evaluar los costes, riesgos y tiempos del proceso.

A GAME-CHANGING INSURANCE POLICY SIMPLIFYING PROPERTY TRANSACTIONS

In this year's magazine, we're excited to introduce our readers to a new service that can help solve many of the challenges buyers and sellers face in Ibiza: the Balearic Defective Title Insurance (BTI). We sat down with Company Director Nina Seyfarth, to speak about the details.

Q. Buying property in Spain, especially in the Balearic Islands, can at times be a complicated process. Can you tell us how BTI helps buyers and sellers navigate some of the challenges?

Absolutely! At BTI, we understand the complexities of purchasing property in Spain. Transactions can break down due to administrative delays, title uncertainties, or missing paperwork. We offer a solution through our insurance wrap on the conveyancing process, helping property owners, developers, and lenders secure positive outcomes. Our goal is to create confidence for all the stakeholders in the transaction by indemnifying the Insured against defects in the title of a property, thereby giving comfort to the Buyer &/or Seller on the vagaries of the current conveyancing process.

Q. That sounds interesting! What are some of the main risks property buyers face in the Balearic Islands?

Many rural properties in the Balearics have title defects, which can cause significant delays in the conveyancing process. Some of the biggest issues include:

- Administrative errors, missing or misplaced documents
- Unclear title history
- Difficulties in securing bank financing
- Changing planning regulations

In Spain, key details such as title status, easements, restrictive covenants, and planning restrictions aren't always publicly available. This lack of transparency can make it difficult to complete transactions smoothly.

Q. How does BTI help mitigate these risks?

Our solution is Defective Title Insurance, which protects buyers from risks associated with missing or incorrect documentation. Specifically, it covers deficiencies related to critical documents like the "Certificado de Final de Obra" and the "Cédula de Habitabilidad."

Q. What exactly does the insurance cover?

Our policy provides financial protection against various risks, including:

- Legal and professional fees associated with an enforcement notice
 - Costs of altering, demolishing, or reinstating the property if required
 - Reduction in market value due to legal complications
 - Expenses incurred to clear an enforcement notice
- The coverage lasts for 8 years from the date of purchase and offers protection of up to € 1,000,000.

Q. That's very reassuring for buyers. Are there any exclusions they should be aware of?

Yes, there are a few key exclusions. The insurance does not cover:

- Losses due to willful neglect after the policy starts
 - Any modifications made after the inception of the policy
 - Retrospective building approvals without our prior permission
- Additionally, the coverage has certain limitations, such as a maximum indemnity limit specified in the policy schedule.

Q. Which areas in the Balearic Islands does your insurance cover?

Our coverage extends to properties in Formentera, Ibiza, and Mallorca.

Q. This sounds like a game-changer for property buyers in the Balearics. Any final thoughts?

Our goal is to streamline the property transaction process and provide peace of mind for buyers, sellers, and investors. With our insurance solution, we help ensure that transactions are completed smoothly, reducing delays and financial risks.

Notes:

BTI is an underwriting agency authorized and supervised by the General Directorate of Insurance and Pension Funds (with the code AS0134). Furthermore BTI is an approved Lloyds Coverholder. BTI commands strong insurer financial strength ratings from major agencies and is authorised and regulated to issue policies in Spain.

UNA PÓLIZA DE SEGURO REVOLUCIONARIA TRANSACCIONES INMOBILIARIAS SIMPLIFICADAS

Este año, estamos emocionados de presentar a nuestros lectores un nuevo servicio que puede ayudar a resolver muchos de los desafíos a los que se enfrentan compradores y vendedores en Ibiza: el Seguro de Título Defectuoso de Baleares (BTI). Nos sentamos con la Directora General de BTI, Nina Seyfarth, para hablar sobre los detalles.

Q. Comprar una propiedad en las islas Baleares puede ser un proceso complicado en ocasiones. ¿Puedes contarnos cómo BTI ayuda a compradores y vendedores a afrontar algunos de estos desafíos?

iPor supuesto! En BTI entendemos las complejidades de comprar una propiedad en España. Las transacciones pueden estancarse debido a retrasos administrativos, incertidumbre sobre los títulos de propiedad o la falta de documentación. Nuestra solución es un seguro que cubre el proceso de transmisión de la propiedad, ayudando a propietarios, promotores y prestamistas a obtener resultados positivos. Nuestro objetivo es generar confianza para todas las partes involucradas en la transacción, indemnizando al asegurado ante defectos en el título de una propiedad y ofreciendo tranquilidad tanto al comprador como al vendedor frente a las incertidumbres del actual proceso de compraventa.

Q. ¡Suena interesante! ¿Cuáles son algunos de los principales riesgos a los que se enfrentan los compradores de propiedades en las Islas Baleares?

Muchas propiedades rurales en Baleares tienen defectos en el título de propiedad, lo que puede generar retrasos significativos en el proceso de transmisión. Algunos de los problemas más comunes incluyen:

- Errores administrativos, documentos extraviados o faltantes
- Historial de titularidad poco claro
- Dificultades para obtener financiación bancaria
- Cambios en la normativa urbanística

En España, detalles clave como el estado del título de propiedad, servidumbres, cargas y restricciones urbanísticas no siempre están disponibles públicamente. Esta falta de transparencia puede dificultar la finalización fluida de las transacciones.

Q. ¿Cómo ayuda BTI a mitigar estos riesgos?

Nuestra solución es el Seguro de Título Defectuoso, que protege a los compradores de los riesgos asociados con documentación faltante o incorrecta. Concretamente, cubre deficiencias en documentos clave como el "Certificado de Final de Obra" y la "Cédula de Habitabilidad".

Q. ¿Qué cubre exactamente el seguro?

Nuestra póliza ofrece protección financiera contra diversos riesgos, incluyendo:

- Honorarios legales y profesionales relacionados con órdenes de ejecución
- Costes de modificación, demolición o reconstrucción de la propiedad si fuera necesario
- Reducción del valor de mercado debido a complicaciones legales
- Gastos derivados del cumplimiento de una orden de ejecución

La cobertura tiene una duración de 8 años desde la fecha de compra y ofrece una protección de hasta 1.000.000 €.

Q. Eso es muy tranquilizador para los compradores. ¿Existen exclusiones que deban tener en cuenta?

Sí, hay algunas exclusiones clave. El seguro no cubre:

- Pérdidas debidas a negligencia intencionada después del inicio de la póliza
- Modificaciones realizadas después de la emisión de la póliza
- Legalización de construcciones sin nuestro permiso previo

Además, la cobertura tiene ciertas limitaciones, como un límite máximo de indemnización especificado en la póliza.

Q. ¿Qué zonas de las Islas Baleares cubre vuestro seguro?

Nuestra cobertura se extiende a propiedades en Formentera, Ibiza y Mallorca.

Q. Esto parece algo bastante revolucionario para los compradores de propiedades en Baleares. ¿Alguna reflexión final?

Nuestro objetivo es agilizar el proceso de compraventa de propiedades y ofrecer tranquilidad a compradores, vendedores e inversores.

Con nuestra solución de seguro, ayudamos a garantizar que las transacciones se completen sin problemas, reduciendo retrasos y riesgos financieros.

Nota:

BTI es una agencia de suscripción autorizada y supervisada por la Dirección General de Seguros y Fondos de Pensiones (con el código AS0134). Además, BTI es un Coverholder aprobado de Lloyd's. BTI cuenta con sólidas calificaciones de solvencia financiera de importantes agencias y está autorizada y regulada para emitir pólizas en España.

Every Sunday one of the most important musical experiences on the island can be found at Benirrás beach, when hundreds of drums vibrate in unison at sunset in honour of the Goddess Tanit. There are many hidden coves in the North which are virtually untouched, such as Cala Xuclar, Sillot des Renclí and Cala d'en Serra.
